10 - 12. soruların cevaplarını verilen parçaya göre işaretleyiniz.

"Necessity is the Mother of Invention." Whoever said these words have had definitely a great sight on what things were and how far things would get to. From the beginning of mankind till date, all that we enjoy now are the outcome of great inventions by great people at some part of their lives. Without these inventions, we may not have all that we have today in abundance. From the beginning a lot many inventions have taken place. Inventions like the electricity steam engine, aero-plane, antibiotics, printers, internet, gadgets and the list would just go on. In order to give a priority or importance on one particular invention would not be an easy task as all these are interconnected to each other in one way or the other and without the invention of all these, life would never have been the way it is now.

10. **Since inventions are interconnected it is hard for one particular invention to - - - - .**

- A) be prior to others
B) be the way it is now
C) live without inventions
D) take place in abundance
E) be invented by great people

11. **The "beginning" in the paragraph refers to the beginning of - - - - .**

- A) inventions B) necessity C) mankind
D) gadgets E) list

12. **Without inventions - - - - .**

- A) there would be abundance
B) life would be very different
C) there would be many inventors
D) mankind would have a list of inventions
E) we would enjoy the outcome of invention
